## Teacher Appreciation – WonderWorks Branson Thanks Educators with Free Admission in May

**BRANSON, Missouri – (May 6, 2024)** – WonderWorks Branson is celebrating all that local educators do for the community by offering teachers and educational support staff free admission to their attraction throughout May 2024. The celebration of Teacher Appreciation Week, recognized from May 6-10, 2024 across the country, will be expanded to include the whole month at WonderWorks. This exciting opportunity for free admission gives teachers a chance to experience all the fun, interactive, and educational exhibits inside the upside-down house, and will inspire them to keep the learning going all summer long.

“Teachers make the world go ‘round! We’re thrilled to honor educators this month. Come have some fun with your family, friends, or even colleagues as you wrap up the school year!” said Brenda Dent, general manager at WonderWorks Branson.

Throughout May 2024, local and visiting teachers - plus educational support staff - can [register online](#) for a voucher to receive free admission. With the voucher, teachers will also receive a 50% off coupon for up to four guests to join them during their visit. A valid school ID or recent pay stub will need to be presented upon entry to receive the deal. Guests will explore over 100 interactive exhibits based on science, technology, engineering, art, and mathematics (STEAM) themes. Because education and fun go hand in hand at WonderWorks, there are plenty of thrilling activities for guests to take on, including a virtual roller coaster, laser tag, an Astronaut Training Gyroscope, and more.

Teachers and guests will want to be sure to check out all of the latest exhibits at WonderWorks, including Touch & Go, Soarin’ Soles, and I THINK Therefore I STEM, which recently debuted its latest career field highlight, spotlighting fascinating careers in marine biology. Everyone is sure to learn something new about weather, space, physics, light, sound, Branson history, and more.

“With this free admission voucher, teachers and support staff will be able to explore all of the interactive and educational attractions throughout our facility,” added Dent. “You may even leave with an idea for your next class field trip!”

WonderWorks Branson keeps educational exploration going all year long, making it a top resource for many during summer break. Guests can also score some fun science-related souvenirs in the gift shop and download printable [Kid’s Corner Activity Sheets to continue learning at home](#).

WonderWorks Branson offers over 100 interactive exhibits and activities that are STEAM-based. The exhibits have been designed to give guests a way to learn more about each topic in a fun and memorable way. They also offer [STEM and STEAM activities and events](#) throughout the year. Groups of all kinds are invited to visit for team-building outings, field trips, corporate events, family reunions, and more. There are numerous event packages and group rates available with advanced reservations. WonderWorks Branson offers over 48,000 square feet of family-friendly, engaging activities. The park is open from 10 am to 9 pm daily. To get more information or purchase tickets, visit the site: <https://www.wonderworksonline.com/branson>.

### **About WonderWorks**

WonderWorks, the upside-down adventure, is a science-focused indoor amusement park for the mind that holds something unique and exciting for visitors of all ages. There are three floors of nonstop "edu-tainment," with over 100 hands-on and interactive exhibits that serve the educational purpose of challenging the mind and sparking the imagination. WonderWorks has locations in Orlando, Pigeon Forge, Myrtle Beach, Panama City Beach, Syracuse, and Branson.
